

Women in Dialogue for Peace

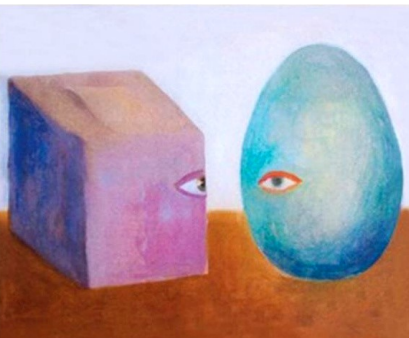

Reinhold Traitler Symposium

28. - 31. 10. 2023 - Vienna

A year after Reinhold's death and in remembrance of her inspiring life, we are planning an EPIL closing event for all participants and organizers of five EPIL Study Courses since 2002. The exact program is still work in progress. We are very interested in the impact your EPIL experience had on your life and career. There will also be input by speakers from outside of EPIL about actual burning Women and Peace issues.

We plan to co-design a part of the program with the Ecumenical Forum of Christian Women in Europe to share our experiences and inspiration.

The accommodation is planned in a seminar hotel in the center of Vienna and will be financed from remaining funds. The fee for the seminar is either € 100 or € 300, depending on your own assessment (your own means). You can also apply for a subsidy to cover your travel expenses.

Please let us know soon if you intend to come to Vienna. If you want to come a day earlier, we can either organize private accommodations with a former EPIL participant or advise you a hotel on your own expense.
